

Kent County Table Tennis Association

Website www.kctta.net

Our new website is now live and we hope you find it an improvement. We will be interested in any comments you may have.

The intention is to update the website regularly but obviously this depends on information being available so all input from leagues, clubs and players will be very welcome. Please send any items for inclusion to Les Etheridge using treasurer@kctta.net.

It will take some time to include all the historical data but this will be done as quickly as possible.
